

I think it is wrong to let big businesses (ie: credit card co.'s, telemarketers, etc.) intrude on my (and my family's) lives by using the phone line THAT I PAY FOR to solicit more business. The last thing I want is to be hassled by some fool on the phone who is trying to sell me something that I don't want. I consider them to be the same as e-mail spammers. If I want to buy something over the phone, I will call them. Please leave Wisconsin's no-call list AS IS!!! Thank You
